Today's Talk

THE POWER OF YOUTH

The older we get the more certain we are that something within us is slipping away. To bring back that youth there is needed a generous flock of ideas. Ideas key the world. They are essential to every achievement. With our ideas much of one's energy is dismissed, with enthusiasm at a standstill. The very heart must vibrate to every whisper of the soul.

Never set down your ideas, as you would a box of nails. Ideas are life. They spring to action only at the call of the will. Ideas are what stir the imagination to action. The mind vibrates the chords of youth. They self-tune like the bird singing at its new home.

Ideas alone create your new world about which you so often dream. The only thing that is certain to bring back youth is a liberal supply of ideas! The cornerstone of every great structure must be one solid with ideas. The Universe is packed with ideas, awaiting the eye of some genius.

Ideas are the Father of every great enterprise, as well as "the mother of invention." The power of youth is illustrated every where. But it needs periodic stirring!

Tomorrow Mr. Adams will talk on the subject: "Keep In The Center Of Things."

THE LOST LITTLE REBEL

My paw, he scolded me today,
An' so I guess I'll run away;

Don't know where I'm goin' to go;

For jus' which road to take, but oh!

I'll turn this corner anyhow,

An' they will never find me now.

County Schools Districts Will

Get Increases: Five school districts in Adams county will receive an aggregate increase of \$4,483.50 in state aid for teachers' salaries and transportation during the next two years through the efforts of Prof. J. Floyd Slaybaugh, county superintendent of schools. During the next biennium, the five districts will receive \$3,839.10 for teachers' salaries and \$644.40 for transportation. The five districts sharing in the increased appropriations are Fairfield, Berwick, Franklin, Reading and Straban townships.

12-Year Perfect School Record

At Bigerville: Miss Romaine Osgood, daughter of Mr. and Mrs. Charles Osgood, Bendersville, was awarded the \$5 faculty award at exercises for having achieved the enviable record of not having missed a day of school during twelve years.

Ten Cent Chain Letters Are

Now Boosted To \$5 In Town; Immediate Returns Reported: What this town needs is a chain letter to end chain letters. A "racket" that began innocently enough with dime chain letters sent through the mails, and then blossomed into one dollar chains, has now reached the \$5 stage in Gettysburg. The \$5 chain is under with a rush here Tuesday afternoon, and those who were on early chains began "cashing in" before nightfall. When others heard of the windfall of a few who received \$25 to \$50 there was a mad scramble to purchase the \$5 letters, and soon Gettysburg was "polluted" with sellers and purchasers becoming fewer and fewer.

SAD SAM JONES
BLANKS PHILS
FIRST ROAD WIN

By GEORGE ESPER

PHILADELPHIA (AP) — For Sad Sam Jones it was just another game. For the records it was his first road victory this year and it hoisted the San Francisco Giants into first place in the National League by eight percentage points over the Pittsburgh Pirates.

Well, Sam, how do you feel now that you've shaken the jinx and won your first game in six starts away from Candlestick Park, the toothpick chewing right-hander was asked after he beat Philadelphia 4-0 on four hits Tuesday night for his second shutout over the Phillies this season.

"I don't feel any different," he answered, unexcited about the fact he didn't walk a man and retired the last 15 batters in order. "It was just another game."

"They'll Make Trouble"

Jones had won four games without a loss at Candlestick, a park which is considered a pitcher's haven because of the strong incoming winds which make it tough to hit the long ball. But up until last night he had dropped three of his six starts on the road.

"I just mixed them up—fastballs and curves," he explained. Asked if he found it easier to defeat the Phillies, whom he shut out 1-0 on two hits May 11 at Candlestick, Jones replied:

"I don't find them easier. They've got a hustling ball club and they'll make trouble someday."

HARTACK GETS CELTIC ASH IN JERSEY DERBY

CAMDEN, N.J. (AP) — Jockey Bill Hartack will ride Celtic Ash, a colt he calls a "sound horse who is coming up fast," in the \$100,000 Jersey Derby at Garden State Park Memorial Day.

The disclosure that Hartack, who rode Venetian Way to victory in the Kentucky Derby, would ride Celtic Ash came as something of a surprise Tuesday.

The jockey had worked out on Reginald N. Webster's Count Amber before the announcement that he, trainer Tom Barry and Hartack's agent, Howard Pestano, had agreed he would ride Celtic Ash.

Gets Second Choice

Barry told Hartack if he liked the horse in the Jersey Derby, he was welcome to ride in the Belmont. Celtic Ash is owned by Josephine O'Connell's Green Dunes Stables.

Trainer Vic Sovinski was shopping for a new rider for Venetian Way. Venetian Way, Bally Ache, Tompion and Bourbon Prince, four of the first five Kentucky Derby finishers, are slated to run in the Jersey Derby.

Sovinski had expressed displeasure over the way Hartack handled Venetian Way in the Preakness, in which he finished fifth as Bally Ache won easily.

Celtic Ash was third in the Preakness.

PLAYS 700TH GAME

CHICAGO (AP) — Second-base man Nellie Fox of the Chicago White Sox played in his 700th game Tuesday night but the Sox lost 6-1 to Baltimore. Fox went hitless in four trips.

Fox, last season's most valuable player in the American League, has missed only two games since 1951. And in both instances he was benched to give him a rest.

"I remember it all just like it was yesterday," said Bush, a wiry 54-year-old Chicago sporting goods salesman who was a 20-game winner for the Chicago Cubs in 1933.

"The Bambino (he was with the Boston Braves then) worked

me for a 3 and 1 count. We had

orders not to throw him the same

pitch twice in succession. My

catcher, Tommy Padden, called

for a fast ball. I had just thrown

a screw ball.

"The fast one was about knee

high. As soon as Babe swung, I

knew it was gone. It sailed over

the right field roof. Never saw a

ball hit that hard before or since."

Eight days later the Bambino

called it quits after terrorizing

pitchers for 22 years.

America's Fashion Industry Periled By French Craze

America's worship of anything fashion industry, says Oleg Cassini, designer, dress manufacturer

and man-about-gown.

"I expect my business to fall off one million dollars next year, just because of the hysteria of American stores over French copies," says the suave Cassini. "All over the country stores are

displaying French fashions—some are copies of couture designs and others are French ready-mades. Within a month of the Paris openings you'll see copies selling for as low as \$14.95."

"Some stores even have the

nerve to ask well-known American designers, like me, to make French copies. That's the ultimate insult."

Cassini points out that U.S.

stores now can buy French ready-made clothes at much less than they would cost here, even includ-

ing import duties. And the glamour of a French label continues to dazzle the American public, even if it's sewed on a gummy sack.

Cassini announces that he is tired of the American custom of Paris."

The rage for French labels is more widespread now than ever before, says Cassini. And if American designers don't take a firm stand, he says, many of them are going to find themselves out of business.

Declares Dog Has Become "Woman's Best Friend"

By HAL BOYLE

NEW YORK (AP) — The dog, once man's best friend, today has become women's best friend, says Stephen Baker.

"In the cities the dog often takes the place of the old-fashioned marriage arranger. A dog is the best husband-catcher a single girl can find," he says.

Baker, a 6-foot-4 art director for a major advertising firm here, is author of "How to Live With a Neurotic Dog." He is convinced that if America has 25 million dogs, "at least 25 million of them are neurotic—and that's a conservative estimate."

The reason is that living a dog's life in a civilized world is bound to make anybody neurotic.

Leap Year Investment

But he believes the best Leap Year investment a girl in search of matrimony can make is to buy a dog—and take it for a walk.

"If they meet a bachelor out walking his dog, the twosome at once becomes a foursome. It's not a pickup. It's just one dog greeting another dog," he pointed out.

But in using a canine Cupid to help her track down a soulmate, all!

Mongrel Vs. Mutt

What is the best combination of all?

"It is when a girl with a mongrel meets a man walking a mutt," said Baker decisively. "Each then realizes the other is broad-minded, nonconformist and not interested in trying to keep up with the Joneses."

"They should have a perfect marriage."

HAWK GETS LAST WORD

ROTARY CLUB SEES HANOVER SHOE FARMS

The Littlestown Rotarians had dinner at Schottie's Hotel Tuesday evening and then were taken on a tour of the Hanover Shoe Farms.

The tour was in charge of the shoe farms superintendent who noted that there are 950 horses, 2,300 acres on eight farms. The tour was arranged by the vocational service committee, P. Emory Weaver, chairman. Visiting Rotarians were Paul Herring, Westminster, and Edward Richardson, Hanover, Mass. Guests were Robert Miller, of town, and Harold Taylor, Arentdts.

The regular meeting of the club will be held next Tuesday at 6:15 p.m. at Schottie's. The program will be in charge of the classification and membership committee, comprising Theron W. Spangler, chairman, Cloy I. Crouse, A. G. Ealy, Earl F. Herman, Fred W. King, Charles Slusser and Stanley B. Stover.

The Luther League of St. John's Lutheran Church met on Sunday evening at the church when Billy Basehor presented the topic "Can I Be a Christian in My Vocation."

The scripture was read by Donald Bair and prayer followed by the Rev. William C. Karns, pastor. There will be no meeting this Sunday due to the community Memorial Day observance.

The final meeting of the season will be held on Sunday, June 5, with a softball game, devotions and refreshments for members and guests at 5 p.m. at the church.

Committees for this affair include:

Equipment, Larry Myers, Larry

Karns, Joyce Strevig and Mrs.

Bair, Sonny Barnes and Dwight

Strevig; refreshments, Melina

George Trump.

Girl Scout Troop 51 will go to

Hershey on Saturday, June 4, leaving at 9 a.m. from the engine house. Each girl is asked to take her lunch, 10 cents for insurance and her parents' signed permission slip. Troop members participating in the community Memorial Day parade on Sunday evening will meet at 5:45 p.m. at the high school building. Day camp registration blanks were distributed and should be filled out and returned with the fee of \$4 to a leader, Mrs. Chester S. Byers, Mrs. L. Robert Snyder or Mrs. Clarence J. B O T C T A B K Y!

This cartoon, entitled "Dismissed," appeared in Moscow's government newspaper Izvestia, along with a story charging American "aggressors" torpedoed the summit talks. A figure portrayed as Secretary of State Herter chisels "Statue of Free Espionage" on statue's base as Justice, labeled "Unwilling Stranger," is ordered away. Heavily-armed figure atop pedestal carries smoking torch and crown, a travesty on the Statue of Liberty, and holds tablets of Biblical Ten Commandments tradition inscribed "Espionage, Diversion, Provocation, etc." Dollar mark on shoe sole tramples volume titled "International Law." Soviet cartoonist V. Femichev drew the caricature. (AP Photo by radio from Moscow)

HUMPHREY WON'T HELP STOP KENNEDY

WASHINGTON (AP) — Sen.

Hubert H. Humphrey, Minnesota,

said today he will have no part

in any stop-Kennedy move at the

Democratic presidential nominating

convention.

Nevertheless, Humphrey said he

intends to hold on to a bloc of

around 100 votes on the first bal-

lot and decide thereafter which

candidate to support.

Despite his withdrawal from the

presidential contest after his de-

feat in the West Virginia primary

by Sen. John F. Kennedy, Massa-

chusetts, Humphrey said he had

been assured by all of the delega-

tions previously supporting him

that they would cast their ballots

for him on the first round.

Despite the fact that they ex-

changed some sharp criticisms of

each other in the West Virginia

primary, Humphrey said "I bear

no ill will toward Sen. Kennedy."

"If he is the nominee, I can support him wholeheartedly," Humphrey added.

Humphrey's holdout, however,

promised to make it more dif-

ficult for Kennedy to achieve the

nomination on the first ballot.

2 MORE STATES GO FOR NIXON; IS OVER 666

By D. HAROLD OLIVER
WASHINGTON (AP) — Tennessee and Florida Republican delegates joined the Nixon for president parade Tuesday, pushing the vice president well beyond the 666 majority needed for the GOP presidential nomination.

Tennessee's 28 delegates were instructed for Nixon at a state party convention. Florida's 26 delegates were captured without challenge in a primary.

The unofficial delegate standings, based on primary and state convention actions, plus Associated Press polls of uncommitted delegates, today showed:

Vice President Richard M. Nixon 686; Sen. Barry Goldwater of Arizona 29; Ariz. 14; Idaho 2, S.C. 13; Gov. Nelson A. Rockefeller of New York 1 (Ark.), uncommitted 124.

The 840 GOP delegates so far named represent nearly two-thirds of the total national convention roster of 1,331. A majority is 666.

Delegate picking today was confined to Illinois where a state convention will round out a Democratic National Convention delega-

tion with 60 votes by naming delegates at large. District delegates were elected in an April 12 primary.

Delaware Votes Thursday
Delaware names Democratic delegates Thursday. Alabama Republicans and Iowa and Washington Democrats complete delegations on Saturday.

Florida Democrats added a favorite son Tuesday to the growing list of favorites and uncommitted delegations which will hold the balance of power in the Democratic National Convention.

It gave its 29-vote delegation to Sen. George Smathers without opposition in primary voting.

This left the unofficial score of Democratic delegate votes as:

Sen. John F. Kennedy of Massachusetts 330½; Sen. Lyndon B. Johnson of Texas 111; Sen. Stuart Symington of Missouri 60; Sen. Hubert H. Humphrey of Minnesota 51½; Adlai E. Stevenson 16; others 146½, uncommitted 27½ — total 988 out of a national convention vote of 1,521. It will take 761 to nominate for the Democrats.

GROUND PLANE AT HARRISBURG

HARRISBURG (AP) — A plane carrying Pittsburgh Mayor Joseph M. Barr and two other Democratic leaders developed engine trouble en route here Tuesday.

Trouble developed in the port engine of the twin-engine plane about 20 minutes out of Harrisburg, Barr related.

"The propeller was going so slow we could count the turns and the motor was shaking the whole plane."

Also aboard the plane were Frank N. Happ, state securities commissioner, and Andrew T. Fenrich, secretary of the "Allegh-

Opposes Rule Change

In fact, most of the speakers drummed on the theme that intra-party differences had been put aside and Democrats would now concentrate on the common enemy — Republicans.

One delegate — Howard F. Carson of Charleroi — arguing against a change of the rules to provide for biennial election of county committee members, said that in Washington County they needed at least three years "for a cooling off period" to ease the hard feelings among Democrats.

Rep. William Green (D-Pa) said it used to be that Democrats fought and scratched among themselves for 10 months out of the year and made war on the Republicans the other two. He observed that things were different now.

Goes Into History

Green was among several speakers who paid passing reference to Republican accusations of fraudulent voting in Philadelphia, the congressman's home district.

Dredging up some ancient history, Green recalled an occasion when he said a Democratic mayor had been elected in Philadelphia and the Republicans stole it from him.

"I know that to be true," he asserted, "because the man who stole it told me so — after the statute of limitations had expired."

Pa. Democrats Re-elect Rice; Adopt Majority Rule For Party July Convention

By HARRY W. BALL

HARRISBURG (AP) — Without trace of bitterness except toward Republicans, Pennsylvania Democrats pumped organization and oratory into their November election tally at a meeting here Tuesday.

The absent hand of Gov. David L. Lawrence was in evidence as the 113 delegates to the reorganization meeting of the State Democratic Committee tractably approved a resolution for majority rule in the national convention delegation.

Nobody would say positively whether the resolution provided a unit rule, whereby all 81 Pennsylvania votes at Los Angeles would be cast as a unit when the majority had voted a stand.

Cables Message

However, former Gov. George M. Leader of York commented in one of the many speeches to the convention that, "I think he (Lawrence) is right in holding the delegation together as a unit."

Lawrence cabled his compliments to the meeting from London. He's expected home next week. Up to now, the governor has been unmoved by the mild agitation in Pennsylvania for the presidential hopes of Sen. John F. Kennedy (D-Mass.), who has scored one triumph after another in Democratic state primary elections.

It was Lawrence's position that the delegates should go West uncommitted. There was nothing in Tuesday's proceedings to suggest that any of the committee members think otherwise.

In fact, most of the speakers drummed on the theme that intra-party differences had been put aside and Democrats would now concentrate on the common enemy — Republicans.

BURY TIDAL WAVE VICTIMS

HONOLULU (AP) — Hilo began burying its tidal wave dead today as rescue workers continued searching debris along the city's waterfront.

The toll: 38 dead, 21 missing and 53 injured in the disaster, Hawaii's worst in 14 years.

The shattered city's 26,000 residents are threatened now by other dangers. They have started spraying to combat disease. People have been asked to drink only boiled water. There is a massive sanitation problem.

The havoc brought by the four waves that struck early Monday morning sent unofficial damage estimates soaring to 60 million dollars. One hundred business firms were destroyed or damaged.

The third of the waves, the most destructive, reached a height of 22 feet, Dr. Jerry Eaton, seismologist, said Tuesday.

FILES APPEAL FOR NEW TRIAL

PITTSBURGH (AP) — Mrs. Marjorie Matson, attorney for convicted slayer John Butler, has filed an appeal for a new trial.

In filing the motion Tuesday, Mrs. Matson said she will carry the case to the State Supreme Court if the motion is thrown out of Allegheny County Court.

Butler, 53, was convicted last Friday for the shooting of sheriff James Lauer of Northumberland County. Butler was sentenced to die in the electric chair.

Mrs. Matson based her appeal on a number of points, among which were these:

1. The testimony of staff members of the Allegheny County Behavior Clinic which she said was illegal except after a guilty verdict had been reached.

2. The ruling by presiding Judge Samuel Weis that Butler's criminal record could be used against him had he testified.

BRANT WINS NOMINATION IN FLORIDA

MIAMI, Fla. (AP) — Farris
Bryant, Harvard-trained Ocala at-
torney who urged a firm hand in
dealing with Florida's integration
problems, has won the Dem-
ocratic nomination for governor.

The 45-year-old former House
speaker captured 55 of the state's
67 counties in a smashing triumph
over State Sen. Doyle E. Carlton
Jr., who had pledged to continue
the moderate course of retiring
Gov. Leroy Collins in dealing with
racial problems.

Bryant has to face Republican
nominee George Petersen of Fort
Lauderdale in November, but
Democratic nomination has been
tantamount to election in Florida.

Selection of Bryant means the
state is headed toward a more
conservative form of government
during the next four years. Bryant
pledged no new taxes and trim-
ming of 25 million dollars a year
from the state's spending pro-
gram.

Advocates State's Rights

Bryant, a militant advocate of
states' rights, declared Collins
was out of step with Floridians on
the racial issue. He said Florida
needed a governor who had train-
ing, experience and the mind to
combat efforts to integrate
schools, lunch counters and
beaches.

While promising to preserve
segregation by all "honorable,
legal and constitutional means,"
Bryant said he would never close
the public schools.

Carlton, who ran with Collins'
active support, conceded defeat
shortly before 10 p.m.

Collins said at Tallahassee he
was disappointed by the defeat of
Carlton but he pledged his full
cooperation to Bryant.

WINNECONNE, Wis. (AP) — Mr. and Mrs. Lyman Riley dis-

new home on the site of an In-

The Rileys found some bones
and a skull after a bulldozer ex-
cavated for the basement. An
archeologist confirmed the site
was once an Indian village.

GOV. BROWN TO QUERY PEOPLE ABOUT CHOICE

By MORRIE LANDSBERG
SACRAMENTO, Calif. (AP) — Gov. Edmund G. Brown is going to "walk the main streets of California" to learn for himself whom the people would like to see win the Democratic nomination for president.

The Democratic governor announced plans today for the usual political safari.

It came on top of arrangements by the California Democratic Council to poll 2,500,000 of the state's 3,600,000 registered Democrats on their presidential preference.

"Polls have their place," Brown said, "but I have long since found that the only way I could really find out what people are thinking is to listen to them myself."

He indicated that his soundings would help guide his slate of delegates to the Democratic National Convention.

Brown said he had decided not to make any formal campaign in behalf of the 81-vote delegation pledged to him as only a nominal candidate.

He is opposed by a rival Democratic slate in the June 7 primary committed to George McLain, Los Angeles pension promoter.

TO FORM NEW DENOMINATION

BOSTON (AP) — A new denominational group, the Unitarian Universalist Assn., appears on the American scene next May—a 200,000-member consolidation of Unitarians and Universalists in nearly 800 churches.

The new association, brought into being through ratification of a merger agreement Monday, was hailed as "nothing less than a new world faith."

The Rev. Donald S. Harrington of New York said at a joint worship service: "It (the new association) is taking its place beside the big three religious groups on this continent, the Catholics, Protestants and Jews."

Some Opposed

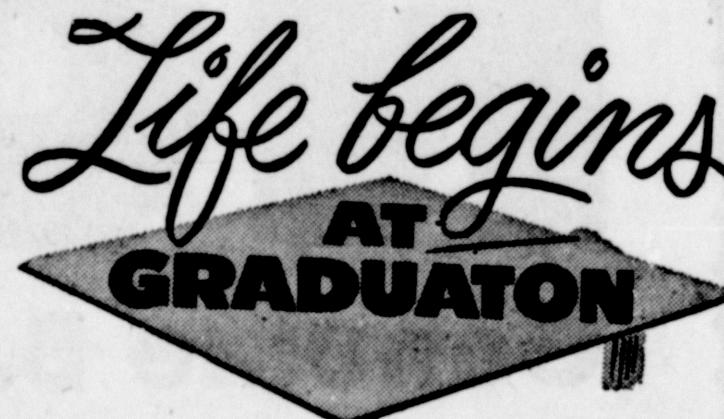

The agreement merges the headquarters organizations of the two denominations but spells out "the independence and autonomy of local churches, fellowships and associate members."

Delegates to the annual meeting of the American Unitarian Assn. voted 725 to 143 for the merger. A simultaneous special general assembly of the Universalist Church of America accepted the plan 365 to 65. Two-thirds votes were required in each case.

The merger becomes effective in May 1961.

The new association's members are scattered through every state in the union, most American territories and possessions and in Mexico.

"THE WOMAN IN WHITE" SCORES MONDAY ON TV

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP) — Wilkie Collins, the father of the modern suspense story, wrote "The Woman in White" 100 years ago. NBC's Hour of Great Mysteries adapted it to television Monday night. Wisely it allowed it to show its age.

It proved to be a gloriously ornate old chestnut, chock full of once spine-tingling situations which have since become dramatic clichés.

The play opened in a misty cemetery inhabited by a mad wraith. It closed with the evil forces dead—one accidentally by his own hand, the other shot by his wife—and virtue rewarded. In between we had the helpless heiress wed to the brutal schemer, the revealing diary, the convenient eavesdropping, the drugged, kidnapped heroine—oh, we had everything, including 1860 costumes and candlelight.

Delightful Hour

However, Siobhan McKenna, Walter Slezak and company somehow worked their way brightly and entertainingly through the Victorian clutter to provide a delightful and amusing hour.

The three networks covered both the Andrei Gromyko and Henry

Soldiers Robbed At Reformatory

LAGRANGE, Ky. (AP) — "We was robbed," hollered the Ft. Knox baseball team today even though they whipped a team of Kentucky State Reformatory inmates, 11-10.

When the soldiers returned to the locker room they found missing from their belongings about \$200 in cash, seven wrist watches and four or five pair of GI shoes. The locker room had been padlocked, but Deputy Warden Porter Lady said "A lock doesn't mean much to some of our boys."

HAVANA (AP)—Cuban authorities reported early today a number of persons had been arrested near Matanzas on charges of plotting against the Castro government. Matanzas is about 60 miles east of Havana.

The reports said one of those arrested was a former captain in Castro's army, Arturo Castro Revillo.

Government sources said the counter-revolutionaries were all well armed and were captured in a cave about 20 miles southeast of Matanzas.

TOKYO (AP)—Globe-trotting Indonesian President Sukarno arrived Tuesday for a 10-day unofficial visit to Japan. He is on the last leg of a world tour.

Cabot Lodge addresses to the United Nations. NBC's Pauline Frederick provided the most intelligent and helpful commentary on the situation.

CONTRACTS LET FOR PSU BUILDINGS

HARRISBURG (AP)—The General State Authority Monday awarded contracts totaling \$2,334,114 for construction of education and horticulture buildings at the Pennsylvania State University.

Earl L. Cump, Inc., Chambersburg, received a \$1,593,414 contract for general construction. Other contracts awarded were: heat- ing-ventilation, Crouse Co., Inc., Linfield, \$339,000; plumbing, John F. Miles Co., Kulpmont, \$145,000; electrical, E. C. Ernst, Inc., Harrisburg, \$256,700.

The education center will consist of two, two-story units connected by enclosed passageways at the second floor level. It will be located on curtain road near the tennis courts.

Facilities will include classrooms, seminar rooms, rooms for graduate students, offices of the dean of the college of education and other administrative personnel, a room for students records, and a calculating room.

Two large buildings for horticulture research will be constructed near Tyson Hall immediately in front of eight existing greenhouses.

These new facilities will serve the horticulture, agronomy and botany departments, including graduate student activities in the various plant science programs.

DEATHS

By THE ASSOCIATED PRESS
TAIPEI (AP) — Yen Hsi-shan, 77, last mainland premier of Nationalist China, died Monday of a heart attack. A one-time warlord who ruled Shensi province for 40 years, Yen was one of President Chiang Kai-shek's senior advisors on military strategy.

PARIS (AP) — Louis Marin, 89, pre-World War II minister and former French deputy, died Monday. The cause was not announced. He had held a number of ministeries from 1924 to 1940.

NEW YORK (AP) — Ida Morgan, 87, known as the "mother of the Stage Door Canteen," died Sunday. A manager and talent representative for entertainers, Mrs. Morgan was a member of the senior hostess committee of the American Theater Wing's wartime Stage Door Canteen that provided refreshments and entertainment for service men in many cities.

PARIS (AP) — George Claude, 90, French scientist and inventor whose work made possible the neon light, died Monday. His early work led him to a method of separating from liquified air its rare gas components such as neon and other gases used in colored lighting.

TOKYO (AP) — Field Marshal Viscount Montgomery arrived in Peiping Tuesday to probe Communist China's role in world affairs. Peiping radio reported he was greeted at the airport by Gen. Wang Shu-sheng, vice minister of national defense.

MANY DELAYS MARK FILMING OF NEW MOVIE

By BOB THOMAS
A Movie-TV Writer

HOLLYWOOD (AP)—Tony Randall and Wilfred Hyde White were driving toward the "Let's Make Love" set.

Randall (worriedly): Oh dear, I have a line today, I think. Something like "What a life!"

White (soothingly): Cheer up, old boy. If you need help with it, call on me.

Randall: Do you have any lines today?

White: Heavens, no. I haven't had a line in a fortnight.

Such grim humor has helped keep a hardy band of male performers from blowing their tops in the past six months. They are engaged in supporting Marilyn Monroe in one of the weirdest film projects in history.

Strike And Marilyn

First, Gregory Peck was supposed to play the lead, then he was dropped out. Then there was a search for another star, with Frenchman Ives Montand winning out. Then there was the actors' strike. Then there is Marilyn.

On a recent day, Marilyn was scheduled to arrive at 10:30, came at 3, did her first scene at 4:34. A film that was scheduled for 83 days will take six months, ending, it is hoped, June 10.

"Nothing ever goes as it is scheduled," says Director George Cukor cheerfully.

Cancelled Jap Dates

Montand was under the gun to fulfill a concert date in Japan. When it became apparent he could not make it, the Japanese were made available to newsmen.

MAY ASK DEATH FOR EX-NAZI IN JEW SLAYINGS

JERUSALEM (AP) — Israeli legal experts Tuesday said the death penalty may be asked for Adolf Eichmann, former Hitler official charged with the extermination of six million Jews.

Israel Monday announced the 54-year-old war criminal's arrest after a hunt of more than 14 years and said he would be tried here. He was brought into a Jaffa court and arraigned.

Premier David Ben-Gurion told Parliament Eichmann would be tried under terms of Israel's law for the trial of Nazis and their collaborators.

Trial In Israel

The Premier gave no details of the arrest of the man who was a top aide to Heinrich Himmler, boss of the dread Nazi Gestapo. Eichmann vanished in the confusion at the end of the war and was subsequently reported in several Latin American countries, in Australia, in Switzerland and last October in the Middle East. The British hunted for him, and he was also wanted for murder in West Germany.

Although no details were released on Eichmann's arrest it was learned he had been caught in Israel. The Ministry of Justice said he readily admitted his identity and asked for legal counsel.

Jap Soldiers Help

Japanese soldiers were helping with cleanup work.

The U.S. Air Force shuttled in food and medical supplies by helicopter. Capt. John Barbato, Brooklyn, N.Y., said his base had offered to supply Aomori prefecture with emergency supplies but was told by the governor that "everything is under control so far."

Flying over the northern coast, newsmen saw debris littering the beaches of nearly all the tiny villages along the inlets of Iwate and Aomori prefectures.

The sea looked green and rolling under a hazy sun. Frothy white breakers were visible from an altitude of 5,000 feet.

Roads Faded Away

Hours after the tidal wave had receded, low inland areas still were inundated.

Here and there, roads just faded away into the water. The waterfront of Obunato was a tangle of debris.

One section of Yamada was still submerged. What looked like rooftops protruded from the water.

"That's a tremendous amount of debris in the water down there. You hardly ever see that much debris," said Lt. M. B. Olson, Alpine, Tex., pilot of a U.S. Air Force plane carrying newsmen

MORE STORMS, EARTHQUAKES STRIKE CHILE

By RAUL DUQUE

SANTIAGO, Chile (AP) — Death and devastation mounted in southern Chile today in the wake of continuing earthquakes and tidal waves. Erupting volcanoes added to the horror.

Authorities put the toll at nearly 2,000 dead or missing and perhaps two million without homes. Official sources predicted the total would rise considerably when full reports were in from areas isolated by the communication breakdown.

The government had not even begun reckoning the property damage caused by the earth convulsions, but the Interior Ministry said it would run to many hundreds of millions of dollars. Reconstruction will take many years, it said.

Tide Heavy Toll

Tidal waves spawned by the quakes were taking the heaviest toll. One surging wall of water carried 630 of the 800 residents of Quelen to death Sunday, the Interior Ministry said. Another wave killed more than 100 at Aletta Tuesday.

An 18-foot crest broke over the seaside resort of Majuia Tuesday.

drowning 120 persons. Other reports told of whole villages swept away by waves up to 30 feet high.

At least 500 persons were missing in three southern provinces.

Two Chilean freighters, the Santiago and El Canelo, went down in mountainous seas off Puerto Corral. All aboard were believed lost.

FAVORS \$4,500 SALARY WITH BENEFITS FOR LUTHERANS

BUCK HILL FALLS, Pa. (AP) — The Evangelical Lutheran Ministerium of Pennsylvania has recommended for all parish pastors the fixed minimum salary of \$4,500 plus pension and hospital benefits, car loans and parsonage.

The recommendation is only advice to member congregations and not binding. The ministerium did state congregations paying less than the recommended minimum should move as quickly as possible to come up to it.

Opening session of the ministerium's 213th annual convention was featured Monday by a report of the president, the Rev. Dr. Charles M. Cooper, of Philadelphia.

He told the 1,000 delegates and visitors he hoped the synod would raise \$2,398,000 toward the 1960 goal of \$3,022,000. While the amount would fall short, he said the sum would be a 25 per cent increase over last year's receipts.

Dr. Cooper said synod-wide appeals for Muhlenberg College and Germantown Home for the Aged were oversubscribed. He said also the synod intent was to raise \$85,700 as its share of the fund appeal for a united church center in Harrisburg as the new headquarters of the Pennsylvania Council of Churches. By the end of February \$35,365 in pledges had been made by Lutheran congregations, he added.

Engineer Charged With Kidnapping

MEDIA, Pa. (AP) — George E. Dillon, 54, was brought back to Delaware County Monday to face charges he tried to kidnap the son of an auto dealer last Oct. 1.

Dillon, a consulting engineer, was taken to Broadmeadows Prison. Since his arrest in New York City four days after the alleged attempted kidnapping, Dillon has been in Tombs Prison and in New York hospitals for mental tests.

He was brought from New York by Sgt. Richard Rutters of the Maple Township (Pa.) police and two other officers. Rutters made six previous trips to New York to get Dillon after a Delaware County grand jury indicted him last December on the kidnapping charge.

Dillon is accused of trying to kidnap Robert G. Scott, son of auto dealer Raymond P. Scott.

PHILADELPHIA (AP) — A bridge above the Baltimore and Ohio Railroad tracks east of 63rd Street collapsed early Tuesday when a passing freight train snagged a support, ripping it away.

A portion of the bridge cascaded down on several freight cars, and knocked them off the tracks. In all, 21 cars were derailed.

There were no injuries. No pedestrians or motorists were on the bridge at the time.

NOONAN GOES TO HIGH COURT ON CONTRACTS

HARRISBURG (AP) — Do school boards have the right to reject a responsible low bid on a school building contract?

The question was brought before the State Supreme Court Monday by R. S. Noonan, Inc., York, who lost previous decisions in appeals to the York County Court and the York city school board.

Counsel for Noonan argued the firm had been low bidder for the new Hannah Penn Junior High School in October 1957, but that the school board rejected all bids and readvertised the project.

Were Underbid

I. Reindollar and Son won the contract a month later after offering \$35,000 less than Noonan's original bid.

Atty. James E. Buckingham, York, counsel for Noonan, maintained the public school code requires acceptance of the original low bid when it is submitted by a responsible contractor and the bid within the amount allocated for the work.

Counsel for the school board argued that it was the board's prerogative to reject the bids summarily, that Noonan's case was faulty because Reindollar was not named as a defendant and that Noonan had not shown cause for action against Buchart Engineering Corp., York, architect for the project, which had been named co-defendant.

It was Buchart, Noonan's attorney contended, who advised the school board to reject the first bids.

The court took the case under advisement.

Most Of Russia Photographed

HAMBURG, Germany (AP) — U. S. reconnaissance planes have photographed "every square centimeter" of the Soviet Union except some steppes and inaccessible mountain areas, the West German news magazine Der Spiegel reported.

The magazine said the work was done by 12 U2 jets in about 150 flights over a four-year period.

The article did not give any source of information but began with a profile of Allen W. Dulles, Central Intelligence Agency director. The information on the U2 flights was not directly attributed to Dulles and the writer, Claus Jacobi, refused to say whether he had interviewed the intelligence chief.

HOLD ANNUAL BANQUET

The annual banquet of the East Berlin Alumni Association was held Saturday at 6:30 o'clock in Zwingli United Church of Christ annex, East Berlin, with 114 members and guests attending.

The speaker was Miss Rebecca Shaeffer of Lancaster County. Group singing was led by Gerald Mummert, East Berlin. A quartet, John Eshleman, Philip Smith, John Hunter and Gerald Mummert, accompanied by the latter, all members of this year's graduating class, presented two vocal selections. Charles Gentz

tained that Noonan was not entitled to damages because the school code is set up for the benefit of the public and not to bring private, financial gain.

The court took the case under advisement.

MURDER TRIAL IS RECESSED

LOS ANGELES (AP) — The opening of the second Finch-Tregoff murder trial proved to be just a preview.

Carole Tregoff, 23, slim and chic, and her lover, Dr. R. Bernard Finch, 42, were on hand Monday. But the trial was recessed until Thursday so the state supreme court can rule on whether the defense can challenge the new judge as prejudiced.

The state contends that Carole, an ex-model, and her wealthy lover ambushed the doctor's wife, Barbara, 36, last July. Their first trial ended in a hung jury after three months of often lurid testimony.

Carole has shed most of the 30 pounds she picked up on starchy jail food. She is free on \$25,000 bail.

Carole's attorneys claimed, without specifying why, that Superior Court Judge Leroy Dawson is prejudiced. He denied it and the attorneys appealed.

BUTLER RAPS EISENHOWER REGIME AGAIN

NEW YORK (AP)—Democratic National Chairman Paul M. Butler accuses the Eisenhower administration of being too soft toward the Soviet Union the past two years.

"I think we have been playing footsie with the Russians under this administration," he said Tuesday.

He said he was not accusing the administration of a deliberate policy of appeasement, but rather of an unwitting reliance on the Soviets.

He said that fallacy of the administration's thinking was tragically exposed in the collapse of the summit meeting.

Hagerty Laughs

White House press secretary James C. Hagerty, asked for comment on Butler's attack, said in Washington: "Tell him I laughed and said Mr. Butler is the best Democratic national chairman the Republicans ever had."

Butler made his charge at a news conference shortly after Gov. Leroy Collins of Florida was selected as permanent chairman of the Democratic National Convention.

Sen. Frank Church of Idaho was picked for keynote speaker at the convention opening July 11 in Los Angeles.

The two men were chosen at a meeting of the 14-member committee on arrangements. The choices are technically subject to ratification by the delegates at the convention.

Selection of Collins, 51, a Southern moderate on racial issues and civil rights, may help bridge the gap between Northern integrationists and Southern segregationists in the party.

Church, 35, is a civil rights advocate and is the youngest member of the Senate.

News Briefs

EGLIN AIR FORCE BASE, Fla. (AP)—The Air Force version of a 13-gun salute was rendered Maj. Gen. Joe W. Kelly as he left here Tuesday for reassignment to Scott AFB, Ill.

During the farewell ceremony, 13 supersonic jets cut in their afterburners as they flew by the reviewing stand, thus simulating the 13-gun salute usually given for a general.

BIRMINGHAM, Ala. (AP)—Biffell C. L. Ellison was quite humiliated over being locked in jail by mistake.

He and a court clerk were locking up some prisoners when the clerk slammed and locked the door with Ellison inside.

The bailiff shouted and pounded on the door for some 15 minutes before a passerby went for help.

PHILADELPHIA (AP)—Someone stole a delivery truck from a suburban Upper Darby tuxedo rental firm. It contained 77 tuxedos—but all of them needed cleaning.

SANTA BARBARA, Calif. (AP)—Mrs. Orville E. Brady has been sentenced to 15 days in jail for mowing her lawn at 6:30 a.m. in the morning with a power mower.

A neighbor, Mrs. Howard Paul, complained. She said the racket awakened her and other residents, causing disturbance.

Mrs. Brady told the court Tuesday her husband has a heart condition and she was afraid he'd do the mowing if she didn't beat him to it.

RABAT, Morocco (AP)—In the interest of "stability and national unity" King Mohammed V last Monday night said he is temporarily taking over active direction of the government of Morocco.

He said he is appointing his eldest son, Crown Prince Moulay Hassan, as vice premier.

The new government replaces the left-wing Cabinet of Premier Abdallah Ibrahim dismissed Friday by the King.

STATE COURT GETS HERSHEY 1959 DISPUTE

HARRISBURG (AP)—State Supreme Court has been asked to decide whether a 1957 work stoppage by Hershey Estates employees was a strike or a lockout.

The question was brought before the high court Tuesday by Local 464, American Bakery and Confectionary Workers International Union.

Bernard N. Katz, union attorney, argued that refusal of Hershey Estates, Hershey, to extend its labor contract on the same terms pending negotiations for a new pact constituted a lockout under the "constructive lockout" principle. The Hershey Chocolate Corp., separate from the Estates, is not involved in the case.

Constructive Lockout State Superior Court, which first expounded the constructive lockout principle, last November reversed the Unemployment Compensation Board of Review which ruled that a lockout existed in the four-week work stoppage and that the employees were entitled to jobless benefits.

Under the constructive lockout principle, as defined by Superior Court, a company can lock out its employees—without actually closing its gates by changing the conditions under which they may continue to work after a labor contract has terminated. It developed from a labor dispute in which an employer offered work at lower wages after a contract expired.

Hershey Estates—which operates a hotel, an amusement park and other businesses in Hershey—kept its doors open after the labor contract expired Sept. 16, 1957. Through public advertisements it notified employees that work was available to them.

Admits No Evidence Katz conceded under questioning by the high court that the union had no evidence that employees who continued working were paid lower wages.

But he contended, any employee continuing work would have lost contractual rights such as seniority, security and grievance procedures.

On this basis, Katz added, the union was justified in viewing the dispute as a lockout.

The court took the case under advisement.

VOTE IS LIGHT IN KENTUCKY

LOUISVILLE, Ky. (AP)—Former Democratic Gov. Keen Johnson and Republican Sen. John Sherman Cooper raised party standards today as Kentucky's nominees for a six-year term in the U.S. Senate.

Each easily won nomination in Tuesday's primary. The vote was extremely light.

The administration-backed Johnson swept to victory over Lexington attorney John Y. Brown with most returns counted. Brown refused to concede.

He was supported by former Gov. A. B. Chandler.

Cooper, closing out a four-year unexpired term, had an even easier time winning over Thurman J. Hamlin of London.

All of Kentucky's eight congressmen won renomination. Three without opposition are assured of reelection in November.
